

PROTECT CALIFORNIA SCHOOLCHILDREN

■ ■ ■
Anti-family bills in the California State Legislature would force your local public school to sexually indoctrinate children as young as kindergarten.

But these bad bills can be stopped if you do your part today.

TAKE ACTION NOW

1) CALL GOV. SCHWARZENEGGER

Tell his staff you're calling to "Urge the Governor to veto SB 777 and AB 394. These bad bills will sexually indoctrinate little children, violate parental rights, and erode local control of schools."

**Call the office closest to you anytime.
Then call the Sacramento office 9-5 M-F.**

WHAT THESE BILLS DO

SB 777 (Kuehl) prohibits public school textbooks, instructional materials, and school-sponsored activities from "promoting a discriminatory bias against" (thus requiring positive depictions of) transsexuality, bisexuality, and homosexuality in grades as young as kindergarten, without parental permission.

AB 394 (Levine) requires public schools to distribute material to students promoting transsexuality, bisexuality, and homosexuality under the guise of "anti-harassment" training. Children as young as kindergarten will be impacted. Under AB 394, family values expressed by teachers and students could be labeled as "harassment."

TWO OTHER BILLS TO CALL AND OPPOSE

SB 11 (Migden) awards all the rights of marriage to heterosexual couples who refuse to get married.

AB 43 (Leno) awards marriage licenses to homosexual couples.
